

SEEDS

INVITES YOU TO TWO
FREE FORUMS:

TUES. NIGHT FEB. 18:

HEATING YOUR HOME EFFICIENTLY

TUES. NIGHT MAR. 18:

HEATING YOUR WATER EFFICIENTLY

Both are from 7:00 – 9:00 pm at The Park Street Complex in Honesdale at 648 Park Street – just west of the Wayne Memorial Hospital

Discussions will include comparison of ground source & air-to-air heat pumps, packaged terminal air conditioning, wood/pellet burners, on-demand systems, solar water heating, and electric & gas furnaces.

Anyone considering either new construction or retrofitting your system shouldn't miss these forums!

Presenters will be two members of SEEDS' Advisory Committee:

- Larry Reeger - Green Building Educator & Assistant Professor at SUNY Sullivan
- Gordon Smith - President of the regional company: Renewable Energy Solutions

Registration is preferred. Please email us at jocelyn@seedsgroup.net, or by calling (570) 245 – 1256. Please leave your name, number of persons attending, and email address or phone number to confirm. Also let us know if you will be attending one or both of these forums.

ALL ARE WELCOME! There will be coffee/tea and baked goods!

Free-will offerings appreciated
