SEEDS of NEPA

Sponsor Application — Sustainable Storytelling Video Challenge

Empowering the next generation of environmental storytellers in Northeastern Pennsylvania.

SEEDS of NEPA is a nonprofit organization rooted in the heart of Northeastern Pennsylvania, dedicated to advancing environmental education, sustainability, and meaningful community engagement across our region. We believe that a healthy environment begins with an informed, inspired community — and that the seeds of lasting change are planted through knowledge, connection, and action.

The **Sustainable Storytelling Video Challenge** is a youth video competition, inviting students throughout NEPA to craft compelling, creative stories about sustainability, the natural world, and environmental stewardship in their own communities. Through film and narrative, young people discover their voice as advocates for the planet.

We are thrilled to invite forward-thinking organizations and community partners to join us as sponsors of this inspiring initiative — and to share in the impact that your investment will have on our youth and our region.
