2027
GREEN BUSINESS OF THE YEAR NOMINATION FORM

In cooperation with SEEDS (Sustainable Energy Education & Development Support), The Chamber of the Northern Poconos wishes to increase our region's green business practices (as consumers are increasingly shopping for "greener" companies) and honor a member business for their sustainable business practices. These practices can include: **energy conservation, renewable energy, transportation, water conservation, purchasing/waste prevention, pollution reduction and recycling/composting.** The Green Business of the Year Award is our way to recognize businesses for making this region a more sustainable place to live and work. The 12th annual award recipient will be honored at The Chamber's Annual Membership Meeting, which will be held on January 21, 2027.

Name of Nominee: _____

Address and phone #: _____

_____

Include as much documentation as you can that supports any of the above activities. Specifically note areas of proven leadership, and when the activities started and if they are currently in practice.

_____

_____

_____

_____

_____

Why do you believe your nominee should receive this award? _____

_____

_____

_____

Former honorees include: Cooperage Project (for solar project and efficient boilers), Leeward Construction (recycled blacktop), Nature's Grace (for solar PV installation), Stephens Pharmacy/Northeast Med-Equip (for creating an employee "Green Team"), Wayne Memorial Hospital (for eliminating Styrofoam), Himalayan Institute (for a commitment to zero waste), Wayne Highlands School District (for on-site food waste composting), Ledges Hotel (eco initiatives), Car Wash on Route 6 (water recycling, energy efficient equipment, environmentally friendly detergents), Highlights Foundation (solar array), Greater Honesdale Partnership (K-cup recycling), Human Resources Center (Shred Able program) and Mount Pleasant Herbary (sustainable and locally sourced products and practices)

PLEASE RETURN BEFORE NOVEMBER 27, 2026
